Items of Interest Picked Up Around Town...

On the 25th of December a fine baby was born to Mr. and Mrs. Reisen, of Deer Creek valley.

Drs. Morrison & A. Verrill, dentists, will be in Ponoka some time in the near future, prepared to do all work in their line. The exact date of their visit will be announced later.

Frank Hippach, an old resident of Lacombe, was visiting H. A. Fitch and other friends this week. After living in this vicinity for two years, Mr. Hippach intends to leave next week for California and make his home there.

Bro. French, of the Wetaskiwin Times, accompanied this town's hockey team to Lacombe. He announces newspaper business good in our neighboring town. The Times is a creditable paper and we are glad to see it ably supported.

Robert Dick went to Calgary on Tuesday, accompanied by his brother Henry to the hospital. Henry's latest attack has been more serious than his former spells of illness and his friends considered it best to seek treatment and, if possible, secure cure for his disease.

The case of assault against W. L. Johnson brought by N. McEwen was continued in justice court on Monday. Mr. Johnson pleaded guilty and received a fine of \$5. Public sentiment seemed to favor Mr. Johnson, or perhaps the fine would have been heavier.

The Lacombe Hockey team defeated Wetaskiwin at Lacombe Saturday by a score of 2-1. This is the second in the league series between these two clubs, both won by Lacombe. The Wetaskiwin boys are going after the third which will be played in the course of a couple of weeks.

Wm. Hewitt, trainmaster of the C.P.R. at Calgary, died at his home in that city on the 19th inst. It will be remembered that Mr. Hewitt was here last summer to Miss Root, a sister of Mrs. T. J. West. Mr. West attended the funeral in Calgary.

Miss M. B. Lyons, of Whitewood, Assa, arrived and took charge of the Grand March school last week. Miss Lyons was very favorably impressed with Alberta upon her first arrival and came in and under the HERALD staff back home to give her friends an idea of this great country.

Leslie Bailey, who has been in Alberta looking after his real estate the past four weeks, returned to his home at Madison, S. D., Tuesday. Leslie was compelled to admit that many of the stories he had heard, and doubted, about Alberta were true and he left with the assurance to his friends here that he would be back in the spring. Before coming here he was doubtful some of the "yarns"—as he called them—told by his father, Oliver Bailey, but is now satisfied that all are not only possible, but true.

Again in the HERALD in trouble and will have to suspend publication. N. McEwen has forwarded us a brief note saying to stop his paper. This time we don't know whether it is because we did or because we didn't. We wrote the fact that he had a scrap with one of his neighbors, and we did not mention the fact that he had succeeded in securing for better or worse a life partner through the use of the invincible printer's ink. The result is the same. Verily, the way of the editor is hard.

The Simons Bros, of the Blindman, received their new mill engine from Edmonton and are now on the road to their place of operation about twenty-five miles west of here. The saw rig is a Port Huron Rubber, said to be the best made. The engine is a 20 horse power traction and when the two are set up the boys will have a complete and up-to-date portable saw mill. They expect to saw about 300,000 feet the present season, making four different logs. This is another evidence of the rapid development of the Blindman district. Less than two years ago there was not a settler in the whole country out there, while now the country is thickly inhabited by thrifty and prosperous settlers.

Henry A. Fitch made a business trip to Lacombe today.

L. B. Courtright and wife returned Thursday from an extended visit in Ortonville and other Minnesota points.

Mr. and Mrs. Thos. Warren are rejoicing over the arrival of a boy baby at their home north of town on the 19th inst.

The public sale of J. A. Conlon was a very successful one. In spite of the cold weather a good crowd was present and Auctioneer Shaff secured good prices for everything. Cows averaged \$34 per head, while calves brought \$12 to \$13.

W. R. Headley, east of town, announced the arrival of a young "Canuck" his home last Tuesday. Mr. Headley says the youngster was born a Canuck and he is going to have him raised one—inferring that his daddy has come to Alberta to stay.

On Wednesday Charles McCann and Archie March, two of the younger young of the town, were strangled before C. D. Algar, J. P., on the charge of breaking into Henry Dick's store Monday night and stealing several articles together with what cash there happened to be in the till. The case was adjourned until one o'clock today.

Prof. and Mrs. J. N. G. White, musicians and ventriloquist, entertained a fair-sized house in the C. O. F. hall last Saturday night. The entertainment put by them is every way so that there can be no exceptions taken of their performance. The sleight of hand was exceptionally good and was remarked by many to be the best they had seen.

A week ago last Sunday at the residence of his mother in Ponoka, N. McEwen, of Fairbury, was married. We did not chronicle the fact last week for the reason that after diligent inquiry, we were not able to procure the name of The ministers usually advise us of the particulars in matrimonial affairs, but in this instance the officiating clergyman kept the matter to himself. So far all the parties who have learned of the fact from the groom's side are well pleased with the result. She is an intelligent appearing lady of apparently good means and has two bright little children.

A Mobile Citizen Gone.

The death occurred last Sunday morning, at 7 o'clock, of David Wing, who has been lying almost at death's door at the home of his brother L. L. for the past four weeks.

In his decease the community loses one of its noblest and most widely known citizens. He was known to the people of Ponoka and the surrounding country as a man of sterling qualities and one whose public spirit and true manliness had won for him the highest esteem as a neighbor and citizen.

In his death the community suffers a loss such as would have been suffered in the demise of few other men.

David Wing was born in Sutton, Quebec, May 23, 1849, being 54 years of age last May. When quite a young man he moved to the United States and for twenty-one years resided in Lake County, S. D. During his long residence there he figured conspicuously in the development of that new country and when leaving there for Alberta three years ago left behind him a large circle of friends. Since his arrival here he has proved to be a successful pioneer and through his spirit of public charity has been a leading factor in the development of the Dakota settlement, four miles northwest of which he was the founder. Among his first acts after settling here was active steps toward the establishment of a school and it is largely through his influence that the Dakota settlement boasts the best school in the Ponoka district. Shortly afterward he purchased a site and donated to the settlement for use as a cemetery. This has been improved and put in splendid shape. It is a sad fact that he is the first to be laid to rest in this cemetery.

He leaves to mourn his loss a wife, one daughter, one son, two brothers and two sisters. These all reside here, except one brother in California.

The funeral services were conducted by Rev. J. W. Boy, town, assisted by Rev. Perry, Monday morning. Previous to the end and after he realized that his mortal career was almost over, he made several requests in connection with the conduct of his funeral. These were carried out to the letter by his friends.

Ever since early manhood the deceased had been an earnest and conscientious Christian and for a number of years had been affiliated with the Seventh Day Advent church of which he was an active and honored member at the time of his death.

Card of Thanks.

I desire to express my thanks to the many friends who rendered much timely aid in the recent illness and death of my beloved husband. I would especially mention L. L. Wing and wife, E. Olmsted and Eugene Rhian for their help in time of need, and Mr. Rhian for the beautiful wreath presented. May the Lord reward each one for their kindness.

Mrs. Annie Wing.
